

# Standex | 2015 Scholarship Program

As a valued employee of Standex, your child is being offered a unique opportunity to receive financial support for higher education.

As a successful Corporation, we feel a responsibility to recognize and reward our dedicated employees and their families. In our 45 year history, Standex has awarded over \$2,467,000 to the eligible children of Standex employees.

*Applications must be received no later than April 6, 2015!*

## Here's the Process

Each scholarship application is carefully reviewed by an independent evaluator.

Scholastic aptitude, class standing, motivation, and teacher recommendations are the key factors in the evaluation process.

While scholastic achievement is important, it is not the sole determinant of the Standex Scholarship awards. This information, together with the student's interests, special talents, community service, memberships, honors and leadership qualities are considered when ranking each applicant.

## Eligibility

The employee must be active and working at least 30 hours per week and have been hired on or before November 6, 2014.

Applicants must be unmarried dependent children under age 22. US applicants must be claimed as a dependent on the employee's federal tax return. International applicants must be considered dependents of the employee according to government tax regulations.

Students must be seniors in high school, or recent high school graduates.

Students who have successfully completed a two-year program and are accepted into a four-year college program are also eligible.

Children of any employee with a base salary over \$115,000, or students who have previously received a Standex award are ineligible. International salaries will be converted to USD using the exchange rate as of December 31, 2014.

## Program Requirements

If the applicant is located in the US, the Scholastic Aptitude Test (SAT) or the American College Test (ACT) must be taken. Scholarship program #1699 should be indicated on the appropriate test for reporting results to Standex. If the applicant is located internationally, the locally used aptitude test must be taken and results must be submitted to Standex.

International awards will be presented in USD and will be converted to local currency using the exchange rate in effect on December 31, 2014.

The Scholarship Application, along with the secondary school report, and aptitude test scores are due to your local HR Representative **no later than April 6, 2015**. Determination of Awards will be in May 2015.
