

Application Alley

Welcome to “Application Alley”! We are excited to introduce you to a way we are sharing our wide array of capabilities, products, and the industries they are aligned to. These stories are examples of how we strategically partner with customers to conquer a challenge, and deliver quality solutions that positively improve our customer’s business efforts.

Within these examples, you will discover the investment we make into solving a problem through listening to our customers, utilizing our Engineering, Testing, Measurement, Design, Tooling, and other expertise to provide customer driven innovation. We describe the situation, actions taken, and how our approach and processes allow for increased productivity, efficiency, functionality, and performance.

We appreciate you stopping by to check out Application Alley, and hope you learn more about our business, our purpose, and why WE MATTER.™. We encourage you to invest time in learning more about our company and products by way of www.standexmeder.com, and to give us a hello@standexelectronics.com to discover how we can partner, solve, and deliver for your needs.

With enthusiasm,

Brian Siegel
 Global Marketing Director

About Standex-Meder Electronics

Standex-Meder Electronics is a worldwide market leader in the design, development and manufacture of standard and custom electro-magnetic components, including magnetics products and reed switch-based solutions.

Our magnetic offerings include planar, Rogowski, current, and low- and high-frequency transformers and inductors. Our reed switch-based solutions include Meder, Standex and OKI brand reed switches, as well as a complete portfolio of reed relays, and a comprehensive array of fluid level, proximity, motion, water flow, HVAC condensate, hydraulic pressure differential, capacitive, conductive and inductive sensors.

We offer engineered product solutions for a broad spectrum of product applications in the automotive, medical, test and measurement, military and aerospace, as well as appliance and general industrial markets.

Standex-Meder Electronics has a commitment to absolute customer satisfaction and customer-driven innovation, with a global organization that offers sales support, engineering capabilities, and technical resources worldwide.

Headquartered in Cincinnati, Ohio, USA, Standex-Meder Electronics has eight manufacturing facilities in six countries, located in the United States, Germany, China, Mexico, the United Kingdom, and Canada.
